SUSPENDED FIREPLACES

Design and technology icons

The true essence of the simplicity of geometric forms is transposed from the past and materialized uniquely in the Thales, Pythagoras, Eudoxus, Perola Plus and Contour 13 models.

Three vigorous and imposing masterpieces dating back to the Ancient Greece, to show their origins and inspiration, from the conversion of the elementary forms of a circle, a square and a triangle into something luxurious and simultaneously simple.

For the glamour and the will to create something different, each one of them was designed to offer the most intense experience of comfort and well-being. An authentic expression of GlammFire's excellent craftsmanship interpreted by these design and technology icons.

THE PINNACLE OF PORTUGUESE CRAFTSMANSHIP

**Handmade Exclusive Fireplaces
in Monção, Portugal**

We dedicate ourselves to each piece as if it were unique. The knowledge of decades is deposited in every work, through the most experienced and wise hands of our craftsmen. We do not mass produce, nor deliver the products the next day. We take all the time necessary to transform noble materials into true works of art that add value to the most exclusive dwellings and places around the world.

In addition to being a pioneer in its sector in Portugal, GlammFire directs its products to a dynamic global market, presenting the best of Portuguese design and craftsmanship. Due to the quality and attention to detail, GlammFire's products represent the pinnacle of Portuguese craftsmanship.

THALES

Thales

The world's first
suspended fireplace with
a bioethanol electronic burner

With a sculptural design and simply charismatic, Thales does not leave anyone indifferent. The world's first suspended fireplace with a bioethanol electronic burner, designed from the drawing of a circle, is a versatile and adjustable piece that reveals the beauty of the integral view of the flame.

The possibility of rotating the two components of the piece opens the way for the contemplation of a dancing flame that takes over the surrounding environment, creating a warm and comforting atmosphere. A visiting card for the most incredible and unique spaces.

UNPARALLELED PERFORMANCE AND EXECUTION

Burner EVOPlus Fire Round

- Recognized for its unique design and state-of-the-art technology.

Ignition and interactivity

- The electronic ignition and regulation of the flame intensity is done by remote control.

Autonomy

- Between 15h00 to 25h00.

Flame

-Enjoy an incredibly dancing flame, the most real in the world.

Functionality

-Unique system in the world with the possibility of working with battery and / or connecting to the electric current.

Safety

-Burner equipped with the most advanced safety sensors.

Maintenance

-Simple and practical. The bioethanol combustion does not cause fumes, dirt or odours.

Ecology

- 100% ecological. The eco-technology of the Fire Round EVOPlus promotes the efficient use of bioethanol as a renewable source of energy.

A UNIQUE COMFORT EXPERIANCE

Rotation 360°

- Both components have a 360° rotation capability allowing the flame to be viewed from different angles.

Post-work installation

- Simple and easy. It can be installed at any time as it does not imply the placement of pipe(s), chimney or gases exhaust systems.

Location

- It can be installed in any space / location in the centre or spaces corners

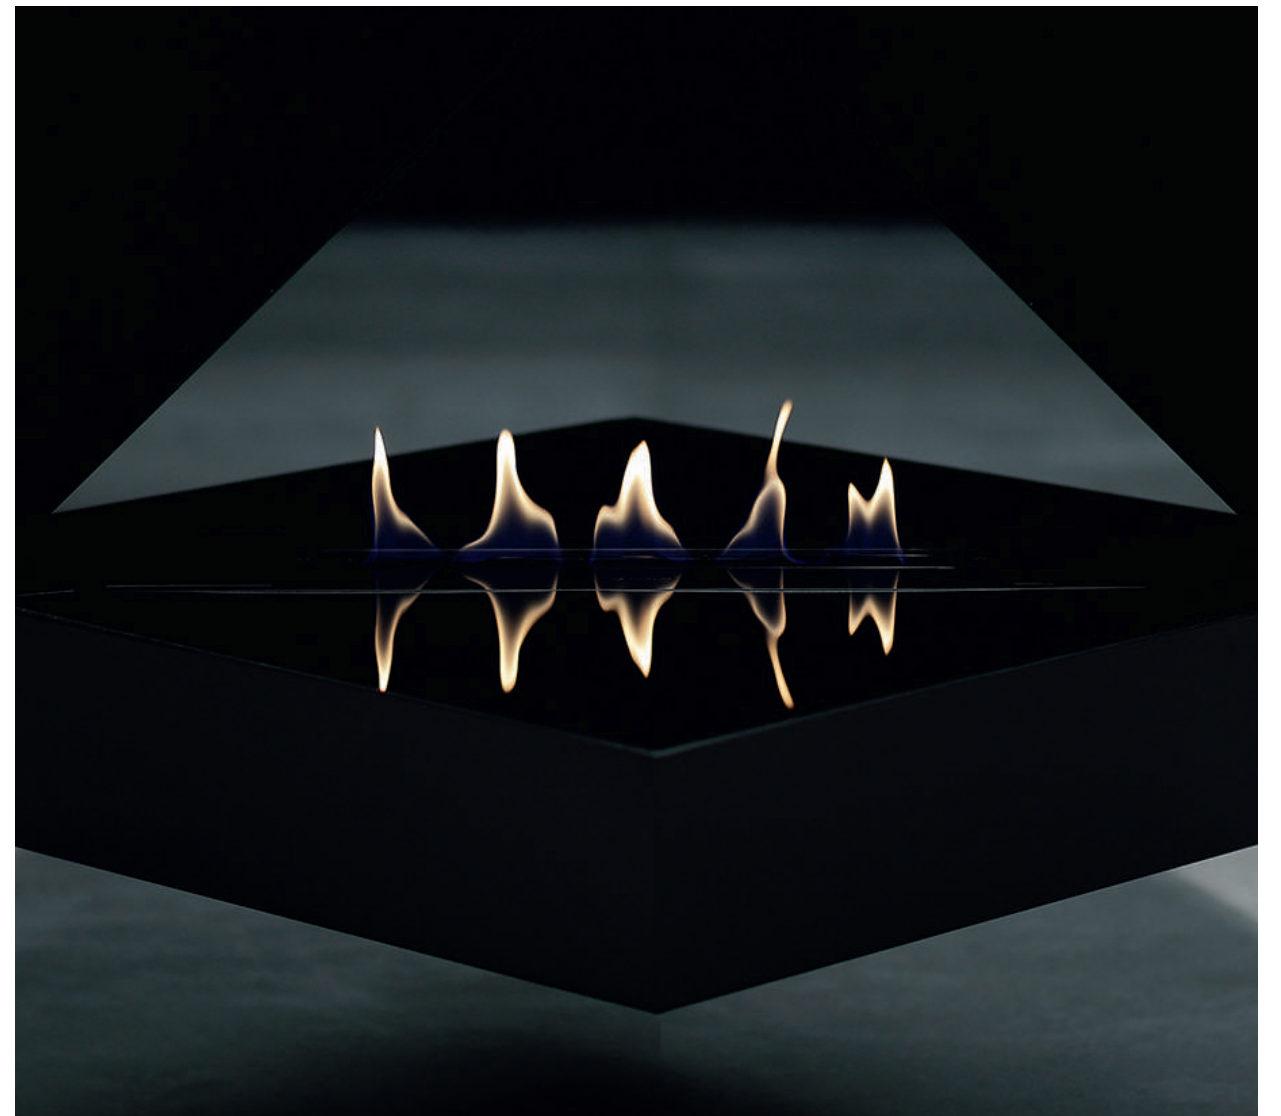

EUDOXUS

Eudoxus

A suspended
double-sided fireplace that
transcends the fire line

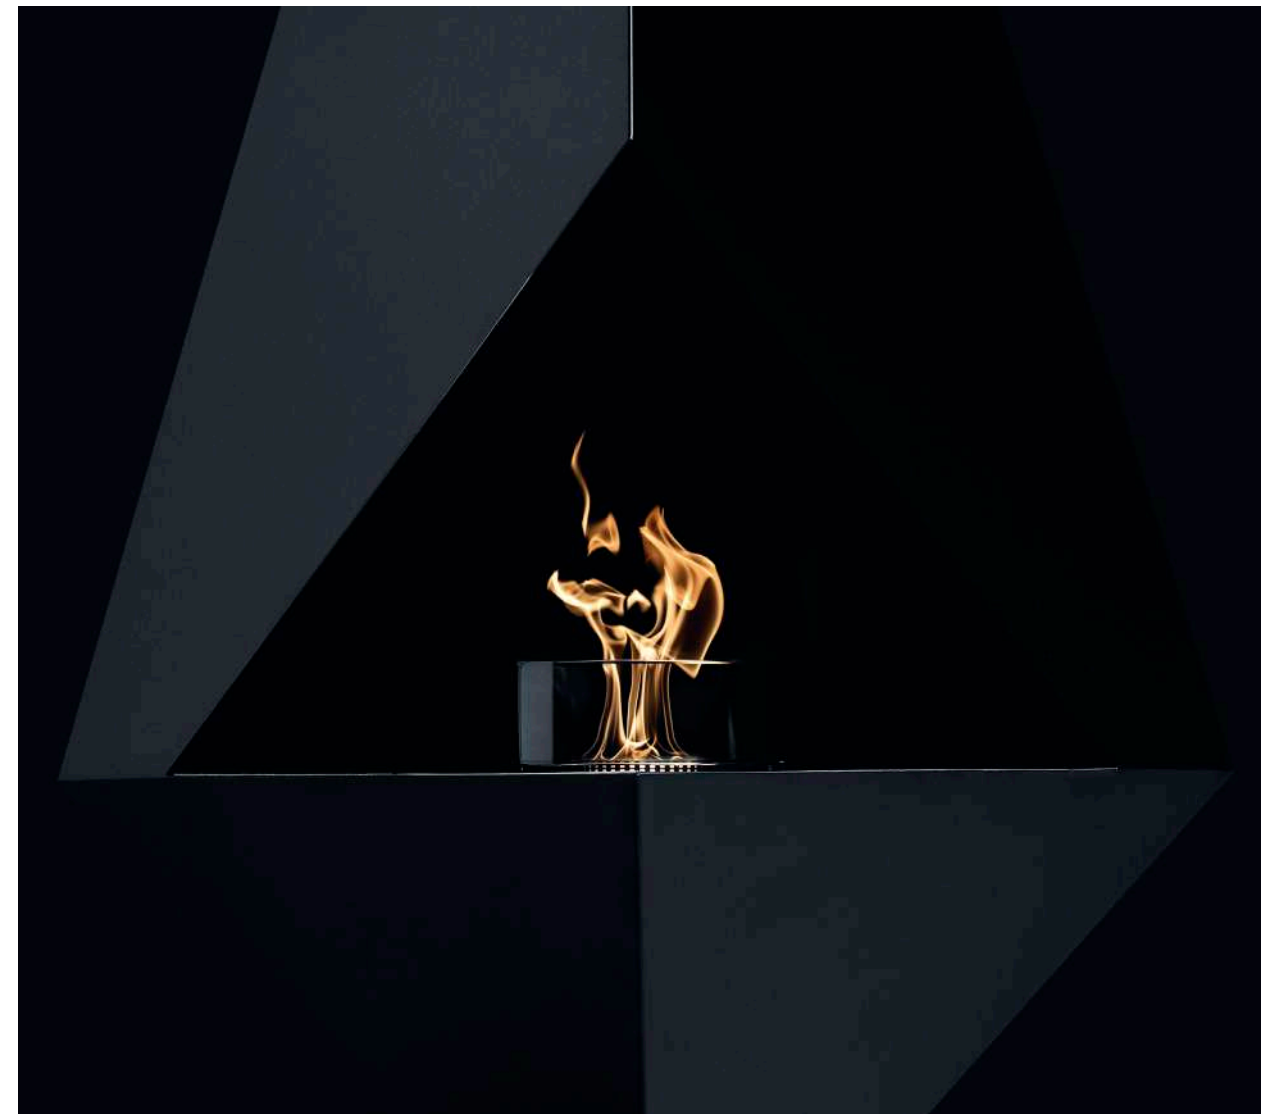

Combining elegance and technology in a sublime way, Eudoxus displays the essence of its personality from the very first look. A suspended double-sided fireplace with delicate lines and details that transcend the fire line. As with all models of the new line of GlammFire Suspended Fireplaces, Eudoxus reflects the high standards of our craftsmanship.

Innovation and refinement are mirrored in the design of this fabulous masterpiece that subtly incorporates a discreet and intuitive technology at your fingertips. Whatever the space or ambience, this suspended fireplace always adds an unmistakable style while providing an incredible experience of comfort and well-being.

PYTHAGORAS

Pythagoras

More than a suspended
fireplace, a lifestyle

Developed to become timeless, Pythagoras, more than a suspended fireplace, is a lifestyle. The magnificence of the straight lines, expressed in long edges and defined vertices, emphasizes an exuberant silhouette which sublimates the modernity of the fire.

The admirable finishings and details add even more to this fireplace in which the flame, reflected on all sides that surround it, invites to be contemplated through its most fatal perspective. By inspiring, at the same time as it captives, Pythagoras assumes itself as the main attraction of any space.

PEROLA PLUS

Perola Plus

Pure expression of balance
and elegance

Its deep inspiration from the sea is creatively expressed by its distinctive design features: the quality of materials, harmony of its lines and flexible adjustment.

Aesthetically and functionally, Perola has a high-end finishing and represents GlammFire's outstanding craftsmanship and approach to the concept of hanging fireplace. Your room deserves both comfort and personality.

CONTOUR 13

Contour 13

Timeless minimalism

Characterized by its simplicity, clean lines and monochromatic colour palette.

Contour embraces GlammFire's Crea7ionEVOPlus technology using a round automatic bioethanol burner, allowing users to appreciate what really matters: the comfort and warmth of the flames.

This minimalist piece contributes to the quiet serenity of a living room. Instead of demand attention, it complements its surroundings and helps creating a calm and relaxing ambiance.

SIGNATURE

Signature

More than a fireplace. A work
of art you can feel

Signature is a suspended fireplace inspired by the timeless elegance of a luxury pen. Like a personal signature, it stands out in a unique and unmistakable way, transforming any space into a reflection of sophistication and character.

With 360° rotation, easy installation, and powered by bioethanol — a clean and sustainable fuel — it blends innovation, beauty, and functionality in a piece that floats with grace and warms with presence.
